

Technical Data Sheet

Stearyl Trimethyl Ammonium Chloride

Product description

Product name: Stearyl trimethyl ammonium chloride 99% min
CAS-No.: 112-03-8
Molecular weight: 348.05
Molecular Formula: C₂₁H₄₆ClN
Structural Formula:

Specification

Items	Index
Appearance	White to almost white powder
Color (APHA)	100# max.
Moisture	0.5% max.
Assay	99.0% min
Free Amine Content	0.50% max.
Heavy Metals Content	0.0003% max.

Package and Storage

25kg/fiber drum, customers' requirement.

Storage for two years in dark, cool, dry and ventilated place.

Safety Protection

A little smell of almond, no visible stimulation to skin. When contacted, flush with water.
